

## **Service public de Wallonie**

The primary mission of the Department of Research is to manage support mechanisms for applied research and technological innovation Walloon R&D actors. It also manages the calls for research projects from the competitiveness clusters and supports businesses in their internationalisation endeavours (participation in H2020 and the ERAnets). Other missions include supporting and organising awareness-raising campaigns for the sciences and techniques, and fostering optimised research carried out in the universities and higher education institutes.
