

CluePoints SA

CluePoints is a Software as a Service company that provides a Risk-Based Monitoring (RBM) and Central Statistical Monitoring (CSM) solution to the pharmaceutical industry. Its value lies in its powerful and timely ability to identify anomalous data and site errors employing methods that have been perfecting over the last 15 years. Our solution utilizes statistical algorithms to assess the quality, accuracy and integrity of clinical trial data and to ensure compliance with key industry guidelines. Our team strives to remain the state-of-the art RBM and CSM provider by continuously developing and implementing new technologies and data analysis techniques
