

ST Electronics iDirect

ST Engineering iDirect is specialized in designing, developing and manufacturing equipment and technologies for satellite communications. As a pioneer in the industry, we are dedicated to creating new possibilities for the broadcast, consumer and enterprise VSAT, government and defense, cellular backhaul and trunking and mobility, offshore and maritime markets. Now part of the ST Engineering Group of companies, Newtec is integrating with iDirect. Creating one global satcom business group uniquely positioned to become one of the most influential, and important, companies in satellite.
